To Whom It May Concern,

Each year the United States Egg Industry starves 266-3 199 SEP 14 1999 2506 millions of hens to manipulate egg production. Not only is this cruel to the hens, but it also is a health hazard. As an active animal rights activist, I feel that this practice should be banned. Abusing defenseless animals and endangering the health of others to maximize profits is indefinitely wrong. Putting warning labels is not enough. Banning this practice should stop immediately.

Sincerely,
Kristin Zimmerman
